Tzu Chi USA, established in 1989, reached a major milestone in 2019, marking 30 years of service. Today, we have 66 offices in 25 states, with volunteers offering relief with compassion through Tzu Chi’s missions.

Addressing the needs of underserved populations and underprivileged families was at the forefront of our charity mission in 2019. Our food pantry program helped families in need across America, benefiting 16,811 households, comprising 109,688 individuals. In addition, our winter distributions provided care to 2,608 individuals, offering $21,550 in cash cards, 1,116 eco-blankets & eco-scarves, and other essentials.

The medical mission kicked off with the TIMA (Tzu Chi International Medical Association) Global Forum, the first held in the United States. As two Tzu Chi Vision Mobile Clinics drove from California to the East Coast, our mobile medical services expanded in 2019. With nine mobile clinics in operation and 313 outreach events, we provided 11,869 healthcare services, including 1,755 medical care services, 3,725 vision care services, 4,187 dental care services, and 2,202 acupuncture services.

Our disaster relief efforts helped those impacted by a tornado in Ohio, while long-term recovery programs for Hurricane Harvey in Texas and the Camp Fire in California continued. We provided free medical care internationally, for 15,877 patients in need in Ecuador and Mexico. As part of our long-term relief, we also rebuilt a church destroyed by the 2016 earthquake in Ecuador and began reconstruction of the Morelos Institute destroyed in the 2017 earthquake in Mexico.

Tzu Chi USA’s character education program continued to thrive in California and Texas. Implemented in eight schools, it provided 33,853 classes that reached 2,264 students. And, with the grand opening of the Tzu Chi Center in New York City in October, we now have a new home from which to inspire care and compassion through exhibits that document Tzu Chi’s humanitarian activities around the world.

We express our gratitude to all who supported Tzu Chi, and to all the agencies and organizations that partnered with us. You have empowered our missions and responsibility to bring happiness to all living beings and free them from suffering. By working together, our efforts to benefit those in need will help even more people in the United States and beyond in the years to come.

Sincerely yours,

Jackson Chen
CEO of Buddhist Tzu Chi Foundation
Tzu Chi USA, the foundation’s first chapter outside Taiwan, was established in Alhambra, CA, in 1989. Stephen Huang, an American businessman, had visited Master Cheng Yen in Hualien, and meeting this gentle nun, who created a powerful organization and realized seemingly impossible dreams, all for the benefit of others, changed his life. He became a disciple and vowed to bring the spirit and mission of Tzu Chi to the United States. Today, Tzu Chi USA has 66 offices and facilities nationwide, with volunteers and donors striving to make a difference in their communities, serving others unconditionally, and sowing seeds of love and kindness in the Americas.
Charitable services include short-term and long-term support. Tzu Chi volunteers assist families in need in the United States annually. Assistance includes aid for charity cases, the provision of hot meals, winter care distributions, scholarships, Happy Campus programs, mobile and permanent food pantries, and free tax filing services for qualifying families. Among them, some families have been cared for continuously for more than a decade.

**HOT MEALS**

33,051 individuals benefited from 620 distributions of hot meals by 5,387 volunteer counts.

*These programs serve low-income families, homeless individuals, seniors, and parolees.*
FOOD PANTRY SERVICES

One in eight people struggles with hunger in the United States due to poverty or unexpected situations that can force families to suddenly choose between buying food or paying bills. We partnered with food banks and school districts to offer food pantry services nationwide, focusing on underprivileged and underserved communities, families, and groups, thus helping those suffering due to poverty, hunger, or homelessness. In Southern California alone, our Mobile Food Pantry served up to 500 families from impoverished communities per distribution, providing enough food for a week.

Our programs helped families in need across America, benefiting nearly 17,000 households.

WINTER CARE DISTRIBUTIONS

As the year marches into the winter season, Tzu Chi volunteers begin their annual winter care program, providing love and support by distributing essential supplies in communities, schools, and low-income households. During the 2019 winter season, 2,152 families received cash cards, eco blankets and scarves, backpacks, and more.

**HAPPY CAMPUS PROGRAMS**

All students deserve an excellent education, which thrives on strong community support. That is why Tzu Chi established the Happy Campus Program. Day after day, students in need received tutoring, healthy meals, school supplies, uniforms, and mentoring services, all provided with genuine smiles and infectious enthusiasm.

16,432 individuals benefited from food packs, school supplies, or tutoring by 2,664 volunteer counts across the nation.
SCHOLARSHIPS AND BURSARIES

Senior homes and centers for individuals with physical and mental disabilities can be a blessing for residents and their families. Yet, at the same time, residents can come to feel detached from friends and family, and isolated from the outside world. Tzu Chi volunteers of all ages regularly visited nursing homes, medical facilities, shelters, and special needs facilities in the nine regions they serve nationwide, to share music, games, and companionship, reminding residents that they are cared for and loved.

CHARITY CASES

Any number of factors can suddenly plunge a family into tough economic times, including loss of employment, illness, family troubles, or a natural disaster. Regardless of the cause, volunteers paid personal visits to families in need to understand their particular circumstances and to determine whether short- or long-term cash relief is needed.

$644,691 distributed to short-term or long-term care recipients by 6,256 volunteer counts and visits, benefiting 3,346 households, comprising 4,606 individuals.
VITA
(VOLUNTEER INCOME TAX ASSISTANCE)

Tzu Chi volunteers certified by the IRS-sponsored VITA program provided free federal and state income tax return filing assistance to taxpayers with an income of $56,000 or less, at five regional branch offices across the nation.

During the 2019 tax season, a total of 2,386 individuals successfully filed their income tax returns through Tzu Chi’s VITA service.

Natural disasters leave death and destruction in their wake, however, Tzu Chi volunteers follow quickly behind, bringing compassionate care to those impacted by providing cash cards, eco-blankets, and daily necessities to help survivors through the initial period of grief and uncertainty.

In 2019, Tzu Chi brought relief and urgent assistance to survivors of natural and man-made disasters, including fires, floods, and earthquakes, by providing $465,870 in aid, benefiting 1,201 families, comprising 3,304 individuals.

However, that’s only the beginning. Tzu Chi volunteers know that what survivors need most is someone to accompany them on the long road to full recovery. With that in mind, Tzu Chi USA launched the Community Outreach Recovery Education Program (CORE) in Texas — a long-term recovery plan that continues to ensure sustainability for those impacted by Hurricane Harvey in 2017. At the same time, we began long-term recovery efforts in 2019 for survivors of the 2018 Camp Fire. These efforts even led to the establishment of Tzu Chi’s Camp Fire Recovery Service Center in Chico, CA.

CONTINUING CARE FOR HAITI

Since the devastating earthquake struck near Port-au-Prince, on January 12, 2010, Tzu Chi never left the Haitian people. The aid mission led to the opening of our Haiti Warehouse Campus in 2018, where Tzu Chi’s disaster and charity aid supplies in Haiti are stored.

In 2019, Tzu Chi’s rice distributions from our Haiti Warehouse Campus in Port-au-Prince provided 900 tons of rice to 251,713 Haitians.

Throughout this charity mission, we witnessed the true resilience and strength of heart that the people of Haiti possess. However, hunger is still a prevalent issue for many and especially for students. By providing our rice distributions and support, we strive to empower those who need a helping hand and aim to ensure that students succeed.
Since the West African Ebola outbreak in 2014, nearly 30,000 were infected, and more than 11,000 killed by the deadly disease, with more infected in Sierra Leone than in any other country. Tzu Chi USA responded to this crisis and collaborated with Healey International Relief Foundation, Caritas Freetown, and Lanyi Foundation to provide aid to West Africa. In 2019, Tzu Chi’s relief and support continued, resulting in the distribution of 60,000 bags of rice, benefiting 51,238 individuals.

TZU CHI IN THE GLOBAL NGO COMMUNITY

The Buddhist Tzu Chi Foundation operates on an international level and has representation in the global community, where NGOs and INGOs collaborate to share resources, experiences, and expertise. Tzu Chi brings its organizational, programmatic, and spiritual missions onto the global stage, showcasing the spirit, innovation, and experience of its volunteers. Giving a voice to volunteers expands Tzu Chi’s reach, influence, and recognition. It also develops relationships and partnerships with other local, national, and international humanitarian actors and organizations, strengthening the foundation’s operational capacities while spreading and cultivating the seeds of love.

In 2019, the Tzu Chi UN Task Force participated in or contributed to the following events through exhibits, panel discussions, and side events:

TIMA
(TZU CHI INTERNATIONAL MEDICAL ASSOCIATION)

The Tzu Chi International Medical Association (TIMA) has been providing much-needed medical care to people affected by natural disasters in Central and South America.

Altogether, TIMA volunteers undertook five international medical missions in 2019; two to Ecuador and three to Mexico. Through them, TIMA has kept its promise to assist communities in need by providing quality medical care for free and to help foster local medical talent. The torch passes on: from medical professionals in the United States, Canada, and Taiwan, to those in Mexico and Ecuador; from one generation to the next; and most importantly, from patient to patient.

Besides providing free, direct relief during international medical outreaches, TIMA has also helped build chapters around the world by providing guidance and support to local leadership and medical professionals. To carry out the work of planting seeds of collaboration and care, TIMA deployed separate teams to focus on recruiting and training local healthcare practitioners and
Through TIMA’s international missions, a total of **15,877** patients were consulted and treated in 2019.
GUARDING HEALTH

We provided free medical, dental, and vision care for those in need locally and internationally. These healthcare services are offered by medical professional and logistical volunteers from Tzu Chi International Medical Association (TIMA).

In 2019, a total of 313 medical outreach events were organized nationwide for local residents who can’t afford health care to obtain much-needed treatments and free medication. This outreach was successful due to the support of local partners, 2,028 medical professionals, and 5,044 general volunteers.

To meet the growing needs of uninsured and underinsured residents, weekly or biweekly small-scale outreach events offering one service type, or mobile clinic visits, were also arranged to provide further follow-up care.
MOBILE OUTREACH

Tzu Chi’s nine mobile clinics offered comprehensive medical, dental, vision, and cancer screening services to patients without insurance or access to ongoing health care, the majority of whom have a family income below 200% of the federal poverty level. Three dental, four vision, one medical and one prostate cancer screening mobile clinics served migrant farmworkers, homeless individuals, the working poor, uninsured students, and others with barriers to medical care across California. Through the See 2 Succeed project, children from 18 school districts in Fresno received free vision care and glasses. The project gained full funding in 2019 and extended to New York and Las Vegas.

Tzu Chi’s education mission emphasizes “loving-kindness, compassion, joy, and equanimity,” which are the “Four Immeasurables” according to Buddhist teachings. Tzu Chi Education Foundation aims to promote character education in the United States, highlighting the values of gratitude, respect, and love.

TZU CHI ACADEMIES

Setting themselves apart from other weekend Chinese schools, Tzu Chi Academies not only instruct students in Chinese language and culture, but also focus on character development with frequent opportunities to do good deeds. The first school opened in 1994; there are now 26 Academies spread across 14 states, as well as Junior Academies and Children’s Learning Classes. Each school gives students a weekly opportunity to nurture their hearts and minds while developing kindness, compassion, joy and giving.

CHARACTER EDUCATION

Helping children build a strong moral foundation is more crucial than ever, yet character education programs are increasingly unlikely to be found in most public schools. Since 2006, Tzu Chi has partnered with schools in low-income communities to provide a character education curriculum focused on the virtues of respect, responsibility, gratitude, giving, compassion, courage, contentment, emotional management, filial piety, and tolerance. In 2019, these lessons reached more than 2,200 students, through nearly 34,000 classes at public schools across the nation.

TZU CHI PRESCHOOLS AND ELEMENTARY SCHOOLS

Tzu Chi provides students with bilingual education and a strong moral foundation at four preschools and two elementary schools, equipping young people for success and paving their way to a brighter future. The schools, located in Southern California and Texas, offer high-quality academic curriculums in both English and Mandarin Chinese, in a nurturing environment rooted in the principles of gratitude, respect, and love.

The teenage years are a key stage of development, so it’s vital that positive values and a love of service are instilled in young people at this early age.

In 2019, a total of 932 high school students joined Tzu Shao (Tzu Chi Youth Association) and met at least twice a month to learn the compassionate spirit of Tzu Chi and apply it through service learning projects led by the students themselves.
CONTINUING EDUCATION

Learning does not end when one becomes an adult; education is a lifelong endeavor. Today, Tzu Chi offers dozens of continuing education classes at 23 locations in eight states, where community members are invited to learn various practical life skills, as well as techniques for caring for body, mind and spirit. Through these courses, participants enrich their lives and form lasting friendships.

INSPIRATION FOR INMATES

The wise words of Tzu Chi’s founder, Dharma Master Cheng Yen, especially those collected in published Jing Si Aphorisms,* have long provided inspiration and guidance to countless people around the world. As prison and jail inmates are in especially great need of companionship and encouragement, volunteers expanded Tzu Chi’s inmate support programs to begin a nationwide book donation and pen pal program in late 2013. As of the end of 2019, 742 inmates have written to Tzu Chi volunteers from 39 states.

Dharma Master Cheng Yen’s Jing Si Aphorisms are succinct observations that contain the essence of the Buddha’s teachings and guidance in a form that’s easy to absorb and apply in daily life. Tzu Chi volunteers spread Master Cheng Yen’s words of wisdom, making publications of Jing Si Aphorisms available in a variety of settings. The ageless truths in the aphorisms are universal and transcend cultural and religious boundaries.

“Learn to remain undisturbed in the tumult of people and events. Remain at peace within even when busy and occupied.”

Jing Si Aphorism by Dharma Master Cheng Yen
